ABOUT ME

My story starts when I was 15, I decided to install a small game server on my computer to play with my friends. Since then I started to learn programming in order to edit a customize the game.

I consider myself as an autonomous and resilient person, I also have a good background that helps me a lot learning new technologies or languages. Now I'm looking for a company to evolve as a professional and promote.

EDUCATION

Computer Engineering Degree (2013 - 2018)

UNIVERSITY OF GRANADA, GRANADA, SPAIN

Including 1 year of Erasmus program studing at "Alexandru Ioan Cuza University" Iasi, Romania (2016-2017).

Average grade per credit of the Studies: 7,863 (out of 10).

B2 English Certificate (05/2018)

CENTRO DE LENGUAS MODERNAS, GRANADA, SPAIN
TOEIC Certificate 1220 points – B2.

EXPERIENCE

ZENZORRITO TECNOLOGÍAS (10/2017 - 04/2018)

GRANADA, SPAIN

Internship as Software Engineer integrated in a Scrum team using agile methodologies and working with technologies as Django or JavaScript to develop a web app.

ETERHOST (11/2014 – 12/2015)

A CORUÑA, SPAIN

Virtual servers administration using Proxmox.

Web design (PHP, HTML, CSS)

Web hosting administration using WHM and CPanel.

KNOWLEDGE

In addition to all the knowledge I have got at University and my internship I have been acquiring a bigger background since I'm 15 administrating servers, creating web sites and developing some personal projects.

HTML5, CSS3, BOOTSTRAP

PHP, C++, JAVA

JAVASCRIPT, JQUERY

SQL

PYTHON, DJANGO

LINUX (DEBIAN, UBUNTU)

APACHE, NGINX, CPANEL
